"Manhattan's solution will become the heartbeat of our omni-channel operation and will drive conversions across every point of commerce and improve customer lifetime value."

LACOSTE

CORE FUNCTIONS

Manhattan Associates helps companies become Commerce-Ready by supporting three core functions critical to success.

Supply Chain Solutions break down barriers between warehousing, transportation and the extended enterprise to bolster growth without sacrificing performance.

Omni-Channel Solutions provide cross-channel tools and infrastructure that retailers need for the future of selling, service and fulfillment online and in-store.

Inventory Solutions enable organizations to efficiently manage demand forecasting, planning, buying and fulfillment processes from both service and profit perspectives.
